

### Road Map to Trailhead

#### Bonny Lakes Trail

Wallowa-Whitman National Forest - Eagle Cap District

From Hwy 82 in Joseph, OR, turn east at the sign for Imnaha and drive 8 miles to the Wallowa Mountain Road on the right (south). Follow this paved road (which becomes Road 39 at the Forest boundary) for 12.2 miles to the concrete bridge over Big Sheep Creek. Just south of the bridge, turn right (west) onto dirt Road 100. Coming from the south on Road 39, this turnoff is about 52 driving miles north of Halfway, OR, and about 2.9 driving miles north from the Lick Creek Campground.

Follow Road 100 west for 3.1 miles to its end at the Tenderfoot Trailhead. Road 100 is a bit rough, but it can be traveled by any passenger car. A self-issued Wilderness Permit is required for the hike, available at the trailhead bulletin board.
