

Road Map to Trailhead

Squaw Creek Trail

Wallowa-Whitman National Forest - La Grande District

From Hwy 203, 2.9 miles east of Catherine Creek State Park and 2.7 miles west of Catherine Summit, turn east on Catherine Creek Lane (which becomes Road 7785 at the Forest boundary).

Drive for 5.8 miles to a wide parking area on the right (east), where a bridge crosses North Fork Catherine Creek. Turn right (east) across this bridge on gravel Road 100 and drive east for 3.3 miles to where the road makes a very sharp switchback to the west. Park in the turnout on the switchback or just beyond it, taking care not to block the road or the turnaround for others.

The unmarked Squaw Creek Trail starts about 75 yards west of the switchback, climbing the steep bank north off Road 100.
