

## Road Map to Trailhead

### Summit Point Trail

Wallowa-Whitman National Forest - Pine District

From Forest Road 77, just opposite the entrance road to the McBride Campground, turn north onto Road 7715. Follow Road 7715 for 4.6 miles to its end at the large trailhead parking area and bulletin board.

Road 7715 is a fairly good gravel road, but it has a few rutted and rocky spots. Most any vehicle with normal clearance can negotiate it, taking care in the bad spots.
