

Road Map to Trailhead  
**Summit Ridge Trail**  
Hells Canyon National Recreation Area

From Hwy 82 in Joseph, OR, turn east at the sign for Imnaha and drive 29 miles on the paved road, down Little Sheep Creek, to Imnaha. Following the sign for Hat Point, drive the steep gravel Hat Point Road up the hill for 17.3 miles to where the road begins a wide turn east and north, at Jim Springs.

Look for a small, unsigned dirt road on the right (west), just across the Hat Point Road from the Jim Springs dispersed camping area. This turnoff is about 0.5 miles before the Saddle Creek Campground. About 20 yards up this dirt road, look for a rock cairn on the right, with a faded "Summit Ridge, Trail #1774" sign.

**NOTE: The first 7 miles of the Hat Point Road past Imnaha are very steep (16% grade). The entire road is single lane, with turnouts, so camping trailers and RVs are not recommended. The gravel surface is OK for passenger cars.**
