

Road Map to Trailhead

DeGarmo Canyon Hike

Hart Mountain Antelope Refuge (USFWS)

On the road to the Hart Mountain Antelope Refuge (paved Road 3-12), drive about 10.0 miles north from the town of Plush, or about 5 miles south from the Camp Hart Mountain campground. On a straight north-south stretch of highway, just south of the DeGarmo Creek crossing, look for a small dirt road to the east.

Follow this road for about 0.5 miles uphill, keeping right at the 0.2 mile point and left at the 0.3 mile point, to a small parking area near DeGarmo Creek. This road is rough and rocky and requires a high-clearance vehicle — but one can always park at the paved highway and walk it, if necessary.
