

Road Map to Trailhead  
**Stonehouse Rim Hike**  
Burns BLM District

On the East Steens Road, drive about 6.9 miles north from the Mann Lake Campground and look for a dirt road to the west. If dry and hard, drive west on this road for 0.5 miles, across private land (public road easement), to a wire gate at the BLM boundary. Leave this gate exactly as you find it (closed if closed, open if open).

Continue up the Stonehouse Canyon Road for another 3.3 miles to the first road junction, just below the top of the rim. Bear left at this junction and drive about 0.7 miles south to a yellow cattle guard at a second road junction. Park near this cattle guard, taking care not to block the road.

NOTE: The road up Stonehouse Canyon is extremely steep and rocky and the driving is slow, taking about an hour from the East Steens Road.
