

Road Map to Trailhead
Bamber Ridge Hike
 Colville National Forest - Republic District

On the West Kettle River Road (Hwy 50), about 9.0 miles northwest of the town of Curlew and 1.0 miles southeast of the Toroda Junction, turn west on paved Bamber Creek Road (at the Curlew Job Corps sign).

Drive uphill about 0.6 miles to the Job Corps Center entrance, then turn uphill onto the major gravel road leading to the southwest. Follow this road for 3.0 miles as it switchbacks up through private property, to a cattle guard at the Forest Boundary (where it becomes Road 800).

Past the Forest boundary, drive downhill for 0.25 miles to Road 500, the first dirt road on the right (west), with a "Road Closed in 1/2 Mile" sign. Follow Road 500 west, past a cattle guard, to where it is blocked off. This trailhead has a turnaround and tiny parking area, big enough for two cars. Passenger cars should be able to drive Road 500, with care.
