

Road Map to Trailhead
East Lenore Coulee Hike
 Washington Dept. of Fish & Wildlife

On State Hwy 17, about 7.1 miles north of Soap Lake, WA, or 9.4 miles south of Sun Lakes/Dry Falls State Park, look for a steep turnout on the east side of the highway, just south of Milepost 83. This pullout is 1.8 miles south of the turnoff to the Lake Lenore Caves State Park on Hwy 17. Pull into this turnout and park well off the highway in the small, steep parking area. The hike starts up the jeep road to the northeast, through the wire gate.

A WA State Discover Pass is required at this trailhead.
