

Road Map to Trailhead

Imnaha Divide Hike

Wallowa-Whitman National Forest - Eagle Cap District

From Hwy 82 in Joseph, OR, turn east at the sign for Imnaha and drive 8 miles to the Wallowa Mountain Road on the right (south). Follow this paved road (which becomes Road 39 at the Forest boundary) for 15.4 miles to the Lick Creek Campground. Coming from the south on Road 39, this campground is about 49 driving miles north of the town of Halfway, OR.

Just opposite the campground entrance, turn south onto gravel Road 3925 and follow it for 0.2 miles to a road junction. At this junction, turn right on dirt Road 015 (which crosses Lick Creek), then drive 2.1 miles to the Lick Creek Trailhead at a big switchback. A self-issued Wilderness Permit is required at the trailhead.

NOTE: Road 015 is quite rough, with lots of exposed rocks, so it is best traveled with a high-clearance vehicle.
